

Brand Guidelines

Mission & vision (Jan 2025)

AI is transforming industries at an unprecedented pace, reshaping the skills needed for the jobs of tomorrow. Success in this new economy demands rapid mastery of essential skillsets, which are becoming as fundamental as email or web searching were in the past. QuantHub empowers learners to thrive by offering rapid mastery-based curricula that build vital, future-ready skills. Our mission is to ensure every learner is equipped for their evolving career, regardless of industry.

As the pace of skill evolution accelerates, the need for timely and effective learning has never been greater. At QuantHub, we are dedicated to delivering impactful education, leveraging cutting-edge tools to create and deploy transformative content quickly and effectively.

Voice & language

“At QuantHub, our voice is friendly, empowering, and future-focused, making AI and data science accessible, fun, and approachable for everyone. We guide learners at all stages—from curious students to seasoned professionals—toward mastering the skills that will shape tomorrow’s industries. By simplifying complex topics, we help people transition from

instinct-based decisions to those enhanced by AI and data. As technology evolves, we're here to help navigate the latest tools and prepare users for success in an AI-powered world."

```

The right choice of primary and secondary typefaces is crucial in text layout, balancing readability and style.

Roboto Sans as primary typeface, used in the main text, prioritize clarity, while Roboto Slab used as a secondary typeface, create a visual hierarchy that guides the reader, enhancing the reading experience.

Roboto mono must be used in case of displaying code.

Roboto Font Family

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz
1234567890 !@£\$%^&*()

Roboto is QuantHub's brand font-family.

Roboto has a dual nature. It has a mechanical skeleton and the forms are largely geometric. At the same time, the font features friendly and open curves. It features multiple weights allowing for differentiated emphasis to be present within the same font-family.

Big Texts

Roboto Sans is used to **emphasize** text

**Roboto Slab**
